Dear Shareholder,

Fundsmith Emerging Equities Trust Plc (In Members' Voluntary Liquidation) ('the Company')

As you may be aware, Derek Hyslop and I were appointed as Joint Liquidators of the Company on 11 November 2022. I write to advise you that we are now in a position to conclude the Liquidation.

This report, and its appendices, constitutes our final account to members and should be read in conjunction with my previous report dated 9 January 2023 which covers the period 11 November 2022 to 10 November 2023. We also enclose notice in accordance with Rule 5.10 of the Insolvency (England and Wales) Rules 2016 ("the Rules").

Should Shareholders have any queries regarding their holding in the Company, or if they wish to notify the Registrar of a change of address or other personal details, they should contact Link Group on 0871 664 0321 or using the email address shareholderenquiries@linkgroup.co.uk.

Information about the Company and the Liquidators

The Rules require us to provide certain information about the Company and the Liquidators. The information can be found in Appendix A of this document. Shareholders will be aware from our draft final report of 8 November 2024 ("the Draft Final Report") that transactions were expected to occur after 8 November 2024. As such, I have provided our receipts and payments account from 11 November 2023 to 8 November 2024 ("the Period") and from 9 November 2024 to 8 January 2025 ("the Final Period") to detail these transactions. Further information in relation to these transactions for the Final Period are provided in the relevant sections below.

Background

The Company was liquidated as part of the recommended proposals for the members' voluntary liquidation of the Company and for the amendment of the Company's investment policy dated 11 October 2022 ('the Circular').

In accordance with the proposals in the Circular, shareholders passed resolutions to place the Company into members' voluntary liquidation and approve the amendment to the Company's investment policy at a General Meeting of the Company on 11 November 2022. Thereafter, the Company's investment portfolio was realised in full following the appointment of the Joint Liquidators and two distributions were paid to shareholders during the previous reporting period (as noted below).

Distributions to Ordinary Shareholders

As noted in the previous progress report, on 16 December 2022, in accordance with the Circular, the Joint Liquidators made a first cash distribution to Ordinary Shareholders in the amount of £325,974,709, equivalent to £12.40 per Ordinary Share.

On 23 August 2023, the Joint Liquidators made a second cash distribution in the amount of £7,886,485, equivalent to £0.30 per Ordinary Share.

On 8 November 2024, the Joint Liquidators made a third and final cash distribution in the amount of £4,074,683, equivalent to £0.155 per Ordinary Share.

Accordingly, the total distributed to Ordinary Shareholders from the liquidation totalled £337,935,877 representing a total return of £12.855 pence per Ordinary Share.

In accordance with the Circular, should a shareholders' entitlement to a distribution from the liquidation be less than £5, the shareholder would not receive the distribution and, instead, these funds would be paid to the nominated charity stated in the Circular, Charity Projects. Funds in the amount of £17 were paid to Charity Projects in this respect.

As previously reported, the final NAV published on 10 November 2022 was £13.03 per Ordinary Share. The difference between the final NAV and the total distributions to shareholders from the liquidation is attributed to the impact of weakening of the underlying currencies of the Company's investments against Pound Sterling in the portfolio realisation period.

Progress during the period covered by the account

I am pleased to report that all matters have now been resolved in the liquidation and the Joint Liquidators have now concluded the liquidation.

Receipts

Please see below details in respect of the material receipts during the Period and the Final Period.

Bank Interest

Bank interest totalling £49,176 was received in respect of funds held in the liquidation bank accounts during the Period, taking the total bank interest received across all accounts during the Liquidation period to £435,188.

Payments

In addition to the third and final cash distribution described above, the following significant payments have been made in the Period and the Final Period.

Registrar fees

The Company has paid registrar fees to the Company's Registrar, Link Group, in the amount of £50,766 in the Period in respect of the costs of making the third and final cash distribution to Shareholders and maintaining the share register during the Period and for a period of 6 months following this distribution.

In the Final period, a final fee was paid to the Company's Registrar in respect of maintaining the share register for November 2024 of £1,746.

Total registrar fees paid during the liquidation amount to £152,614.

Tax advisory fees

As previously advised, the Company's tax advisors, Grant Thornton LLP and BDO LLP, were retained during the liquidation period to provide services to the Company to assist with finalising the Company's tax affairs in the UK and various overseas jurisdictions.

Payments in the amount of £25,585 have been made to the Company's tax advisors during the Period in respect of their services to assist the Company to conclude its tax affairs, as noted below.

Accrued costs and expenses

As at the date of liquidation, the Company had various accrued costs and provisions including professional costs and expenses incurred in connection with the Circular. All accrued costs and expenses were settled in the prior period.

Other Matters

Overseas tax matters

As shareholders will be aware, the primary issue preventing the earlier conclusion of the liquidation was finalisation of the Company's tax affairs in overseas jurisdictions, notably India.

The Joint Liquidators have continued to work closely with the Company's overseas tax advisors, BDO LLP, during the Period, with assistance from Fundsmith LLP ("the Investment Manager"), to formally conclude the Company's tax obligations and filing requirements in India as noted below.

India

A tax return for the Company for the period 1 April 2022 to 31 March 2023 was prepared and submitted to the Indian tax authorities in the previous reporting period. It was anticipated that this would be the Company's final tax return, on the basis that it had disposed of all assets in India during that period and all taxes had been deducted at source at the time of each of the individual transactions.

During the Period, the Joint Liquidators were informed that the Indian revenue authorities had issued a rectification certificate in respect of the Company's 2022/23 tax return and assessed that the Company had approximately £0.4m of underpaid tax.

An appeal of the assessment was filed in accordance with advice received from the Company's tax advisors. In response to the appeal, the Company received an updated rectification certificate from the Indian revenue authorities which reduced the liability in the tax assessment from £0.4m to £0.2m. The

Company's tax advisors confirmed that the assessments arose from an error by the Indian tax authorities to take account of tax already paid by the Company as noted in the Company's original tax return and its subsequent appeal.

Further appeal documentation, confirming the Company's position that no tax liability should be payable, was prepared and submitted to the Indian tax authorities and the Company's tax advisors sought to engage with representatives of the Indian tax authorities to address any ongoing questions in respect of the appeal.

Following these steps the Company has received a final rectification certificate which confirms that no further tax liability is due for the 2022/23 period. Subsequently, the Company has filed a nil tax return for the 2023/24 period and a notice of surrender of its Indian tax registration with the Indian revenue authorities.

In accordance with advice of the Company's tax advisors, the Joint Liquidators consider the Company's tax affairs in India to be finalised.

Recoverable input VAT

The Company was previously VAT registered and is able to reclaim VAT at a partial exemption rate of 95%, being the partial exemption rate for the period preceding the liquidation on expenses incurred in concluding the Company's affairs.

During the Period, the Company incurred input VAT in the amount of £35,229 in respect of costs and expenses of the liquidation. The Company also received a refund in the amount of £91,113 from HM Revenue and Customs ("HMRC") in respect of a reclaim the Company submitted for input VAT incurred on payments made in the prior reporting period.

A final VAT reclaim in the amount of £27,361 was submitted to HMRC and this was received in the Final Period on 28 November 2024.

In the Final Period, the Company also incurred input VAT of final costs and expenses paid in that period in the amount of £8,769.

Pre-liquidation VAT

As previously reported, the Joint Liquidators submitted the Company's final VAT return for the period up to the date of the commencement of the liquidation, and this return noted a refund of VAT due to the Company in the amount of £62,727.

The Joint Liquidators have proactively chased HMRC for this refund throughout the Period. HMRC advised that the delay in issuing the VAT refund was because their records indicated that the Company had an unpaid PAYE liability in the amount of £1,771 related to the pre-liquidation period.

The Joint Liquidators confirmed in June 2024 that they had no objection to HMRC offsetting the PAYE liability against the full refund due to the Company and HMRC, therefore, confirmed they would issue a net refund in the amount of £60,956. This refund was received by the Company in the Final Period on 14 November 2024.

Corporation Tax, VAT, PAYE and National Insurance Contributions ('NIC')

A Corporation Tax return for the first year of liquidation, being the period 11 November 2022 to 10 November 2023, was submitted to HMRC on 7 March 2024 by the Company's UK tax advisors, Grant Thornton LLP. The Corporation Tax return for this period included and accrual for bank interest received by the Company up to 28 February 2024, the date on which the Company's residual funds were taken off interest bearing account. The total corporation tax liability payable in respect of the return amounted to £104,995 and this was paid to HMRC on 3 April 2024 from the Liquidation estate ("the Estate").

It was previously customary in a liquidation to seek confirmation from HMRC that they have no claims in respect of Corporation Tax, VAT, PAYE and/or NIC. In December 2023, HMRC issued new insolvency guidelines informing Insolvency Practitioners that clearance would no longer be issued for liquidations with immediate effect. Accordingly, on 24 April 2024, the Joint Liquidators issued a letter to HMRC providing them with notice that they should submit any final claims and / or raise any objections to the closure of the liquidation. No response was received in this respect.

As noted above, HMRC informed the Joint Liquidators that there was an outstanding PAYE liability for the period 6 October 2022 to 5 November 2022 in the amount of £1,771. Following the Joint Liquidators' agreement to offset this balance against the VAT reclaimable balance for the pre-liquidation period, HMRC confirmed that the Company's case with HMRC was closed as of 19 June 2024.

Joint liquidators' remuneration

Our remuneration was fixed on a time-cost basis by a resolution of the shareholders on 11 November 2022.

Previously we reported that we have incurred time costs in the amount of £208,345 in the conduct of the liquidation in the period to 10 November 2023. Of this sum, £15,000 had been invoiced and paid from the Estate. During the Period, a further invoice in the amount of £100,000 plus VAT was raised in respect of costs incurred in the prior reporting period and paid from the Estate, bringing the total fees invoiced to £115,000 plus VAT.

During the Period, the Joint Liquidators have been required to incur significant amounts of time in relation to finalising the Company's UK and overseas tax affairs and responding to substantial volumes of shareholder enquiries in relation to the delays in conclusion of the liquidation and payment of the final distribution. Accordingly, we have incurred time costs in the amount of £140,956 administering the liquidation in the Period and the Final Period, taking total time costs incurred in the liquidation period to 8 January 2025 to £350,002.

An invoice in the amount of £85,000 plus VAT was raised in respect of the time costs incurred in the Period, taking total Joint Liquidators' fees invoiced to the Estate to date to £200,000 plus VAT. As detailed in the Draft Final Report, this invoice was partially paid in the Period with £26,522 remaining outstanding until the Company received the final input VAT reclaim from HMRC. Following the receipt of this reclaim on 28 November 2024, the Joint Liquidators settled the remaining amount of this invoice from the Estate.

As set out in the Draft Final Report, the Joint Liquidators intended to draw a final fee of £40,000 plus VAT only if the pre-liquidation VAT refund was received. Following receipt of this repayment on 14 November 2024, a final invoice in the amount of £40,000 plus VAT was raised and paid from the Estate.

During the liquidation, the total Joint Liquidators' fees invoiced and paid from the Estate was £240,000 plus VAT and this represents approximately 70% of their time costs incurred.

Joint liquidators' statement of expenses incurred

During the Period and the Final Period, we have incurred expenses totalling £4,394. The expenses can be summarised as follows:

Type of expense	Incurred	Paid	Outstanding
Postage and printing costs in respect of annual progress report	£2,602	£2,602	Nil
Postage and printing costs in respect of the Draft Final Report to shareholders	£1,792	£1,792	Nil
Total	£4,394	£4,394	Nil

Members' rights to further information about, and challenge, remuneration and expenses

Other matters

As detailed earlier in this report, the Company received repayments of VAT for both pre and post liquidation periods during the Final Period. Following the payment of the Joint Liquidators' final fees and expenses, a balance of £9,300 remained in the liquidation. These residual funds were paid to the nominated charity, Charity Projects, as shown in our receipts and payments account at Appendix B.

Once this final report has been filed with Companies House, the Joint Liquidators will be released from office. Approximately three months after the filing of the final return and account, the Company will be dissolved by the Registrar of Companies.

Should you wish to discuss any matters arising from this report, please do not hesitate to contact Jamie Coleman, on the above direct dial.

Yours faithfully
for the Company

Liquidators' charging policy for remuneration

The members have determined that the liquidators' remuneration should be fixed on the basis of time properly spent by the liquidators and their staff in attending to matters arising in the liquidation.

The liquidators have engaged a manager and other staff to work on the cases. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Additional assistance is provided by accounting and treasury executives dealing with the Company's bank accounts and statutory compliance diaries. Work carried out by all staff is subject to the overall supervision of the liquidators.

All time spent by staff working directly on case-related matters is charged to a separate time code established for each case. Time is charged in units of six minutes. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown below as are the current hourly rates used. The current hourly rates may be higher than the average rates, if hourly rates have increased over the period covered by this report.
